# THE CHARLEROI MAIL

VOL. XVII. NO. 260. CHARLEROI, WASHINGTON CO., FRIDAY, APRIL 20, 1917 ONE CENT

## STEEL FURNACE CONTRACTS LET

### Two Six-Ton Heroult Type Furnaces to be Installed by Hussey-Binns

### BIG EXTENSION TO PLANT

Contracts have been placed by the Hussey Binns Steel company of Charleroi and Pittsburg with the American Bridge company of Ambridge for the immediate installation of two 6-ton Heroult electric steel furnaces as an extension to their Charleroi plant. The company is now preparing to put their first furnace into use, it having been installed during the winter.

The two new furnaces will be exact duplicates of the new furnace housed in a new building erected on their plot of ground nearest the Pittsburg Plate Glass company's plant across the railroad tracks from the freight station. To provide sufficient room the building will be extended.

Cold scrap will be used by the company in the manufacture of special steels, and a high grade of both alloy and carbon sheet and bar steel will be made. Automobile and aeroplane parts will be specialties. The crucible furnaces, sheet mills and hammer shop are already operating, having been started last fall. The first new furnace will be used probably next week.

When the new battery of furnaces is installed the Hussey-Binns Steel company will have the most complete plant of the kind in the Monongahela valley. Electric furnaces are used by the Carnegie Steel company at Duquesne, but the method of charging is different from that which will be in vogue in Charleroi. With the new equipment the concern will be enabled to turn out a large tonnage. Five heats a day are the usual number with the 6-ton Heroult furnace, making the production for each furnace average 30 tons per day. Thirty men, working two shifts will be required for operation.

## ORDINANCE PERMITS LARGE CARS IN MONESSEN BOROUGH

### Franchise Ordinance Calls for Changes Requested by Street Railways Company

Changes necessary to admit of operation of large Bentleyville electric railways cars in Monessen borough are authorized in an ordinance which has passed first reading of Monessen council, and which seems certain of passage. The franchise ordinance came up for attention on Wednesday evening, when it was urged by a committee from the board of trade and several citizens. The changes permit a loop to be constructed at the lower end of Monessen and for track changes on various streets.

Special for Friday and Saturday. A Battery free with every flash light at Carroll's Drug Store Friday and Saturday only. 258-3

## Police Receive More Revolvers

### Aliens Still Handing in Property They Are Prohibited by Order From Having in Their Possession

The police are still receiving weapons of aliens, as a result of a notice made public last week. Several revolvers and a considerable quantity of ammunition have been turned in. The property of each man is tabulated as it is turned in and cards with the owner's name attached. A duplicate is given the owner, so that at the end of the war he may obtain his property.

## OFFERS REWARD FOR MURDERER

### Husband of Monongahela Woman Says he Will Give $500 for Man's Arrest

### CONSIDERABLE SUM IN BANK

John Malotte, husband of Mrs. Margaret Malotte, who was shot down in cold blood at Monongahela Thursday morning at 9 o'clock, it is said by Lorenza Campagne, has offered $500 for the arrest of the wanted man. No trace has been found of Campagne and the police of Monongahela are at sea as to the direction in which he went. There is a theory that he is in hiding in Monongahela among friends.

It has been learned the woman possessed considerable wealth, having $5,000 in various banks. Of this sum part is on deposit in a Charleroi bank. There are three children in the family and they with their father will come into a comfortable inheritance. A coroner's inquest will be held next week.

## WINDOW GLASS MEN GET TEN PER CENT ADVANCE

All American Window Glass company employes at various plants of the concern today were notified of a ten per cent advance of wages to become effective April 28. The advance comes unsolicited. At Monongahela 400 employes will be affected and at Belle Vernon 300.

### PARTITION PROCEEDINGS FOR CALIFORNIA PROPERTY

S. B. Walker of Coal Center has filed a bill in partition against William H. Walker, McKeesport; Daniel H. Walker, Oakmont; J. T. Lewellen, Maude Lewellen and Cora Lewellen, children of Emma Lewellen, deceased, all residing in Washington state. The parties interested are heirs of Elizabeth Walker, deceased, late of California. The parties are all interested in a property, fronting 50 feet on Fourth street in the borough of California.

**Meat Market Moved.**

The White Front Meat Market has been moved from 413 McKean avenue to the Peoples Cash Market at 521 McKean avenue.

## IT CAN'T BE DONE

## POLICE CARE FOR MAN WITH QUEER FANTASIES

### Monessen Department of Troubled With Men of Notions—One Arrested Lurid Tale About Desperadoes

Monessen has had ... last week with six men ... very frankly term "nuts." Three are being cared for today. One of them is Peter Penich who was arrested in the small hours of Thursday morning for trying to hold up a street car. Since being arrested he has been pacing back and forth in his cell reading aloud from the Bible. Joe Altomare is being cared for as of questionable mentality, though he lacks the peculiar streaks with which some others have been afflicted. A foreigner, whose name has not been learned was taken in charge this morning at his own request. He told to the police a lurid story about being taken out in an automobile and tied in by desperadoes who fired the machine to burn him up. He escaped he said and they caught him again, this time trying to tie him to a sled. The men will probably be sent to an institution for the insane.

### BAPTIST MISSION CIRCLE TAKES UP STUDY OF NEW BOOK AT WEEK'S MEETING

The Mission Circle of the First Baptist church met at the home of Mrs. D. C. Whitlatch Thursday afternoon, with a good attendance. Mrs. W G. Carr opened the discussion. Papers were given by Mrs. C. P. McCormick and Mrs. J. A. Jacobs, the study book of "Peace and War" being taken up. A piano duet was rendered by Misses Dorothy Whitlatch and Ruth Hall. There was some discussion of arrangements for the dedication of the new church to be an event of Sunday, May 6.

Beautiful New dresses just received at Roe & Co.'s New models in white and colors. 260-t1-*

## LILLEY COMPANY BUYS MORE COAL IN COUNTY

### Tract Near Washington Acquired By Concern—Eighty Acres of Surface From Paul Farm Included In Late Purchase

... additional tract ... and 80 acres of surface have been purchased south of Washington by the Lilley Coal & Coke company, which is buying a large block in that section with the purpose, it is reported of beginning an early development.

The farms figuring in the latest deal are the Paul and the Martha McElree Mounts. The former contains 230 acres and the Mounts 40 acres. The price paid is reported to be $300 with the purchasers having paid $10 an acre of this amount down.

The surface bought by the Lilley company was that part of the Paul farm lying on the north side of the Waynesburg & Washington railroad. This strip contains 80 acres. The price paid could not be learned, but is said to have been high.

Why pay more when you can buy for less at Roe & Co.'s. 260t1-*

**Notice to Our Patrons.**

We wish to announce to our many patrons that we have moved our meat market, known as The White Front Market at 413 McKean avenue to the Peoples Cash Market at 521 McKean avenue where we will be glad to have all our friends visit us. The White Front Meat Market. 260-t6

**Notice.**

All Odd Fellows of I. O. O. F No. 1030 are requested to meet at the lodge room at 7 o'clock Sunday evening, April 22nd, and also all visiting Brothers are cordially invited for the purpose of attending the anniversary service of Charleroi lodge to be held at the Washington Avenue Presbyterian church.

By Order of Committee. 260-t2

Big values in suits and coats are being offered at Roe & Co.'s. 260-t1

## Gas Strike in Greene County

### Philadelphia Company Reports 10,000,000 To 15,000,000 Feet of Flow Daily From Big Injun Sand

A gas well that is making from 10,000,000 to 15,000,000 cubic feet daily has been drilled in on the Jesse Chaney farm in Gilmore township by the Philadelphia Gas company. The strike was made in the Big Injun sand and the well is one of the largest ever secured in Greene county.

News of the big well has created a stir in gas circles and drilling in the Gilmore township district is certain to be enlivened as a result. The contractors on the well were Snyder Brothers, of Cameron, W. Va.

## FREIGHT TRAIN HITS PASSENGER

### Occpants of Smoker on Express Shaken up in Local Accident

### SOME DELAY IS OCCASIONED

Passengers of the Uniontown train due here at 5:54 o'clock received a shaking up Thursday evening, when a freight train backed into it as it was crossing from one siding to another ... track for a short distance, the train was crossing from the north to the southbound track. Just as it was effecting the clearance the smoker was rammed by the rear of the freight train. One truck of the passenger train was knocked from the tracks and a freight car was derailed. One track was tied up until about 10:30 o'clock.

## FLAG RAISING TAKES PLACE AT CAR BARN

### Civil War Veterans and School Children From Two Towns Participate In Event at West Side Location—Drum Corps Plays

Civil war veterans and school children participated in flag raising ceremonies held at the West Side Electric Street Railways barn below Twelfth street Thursday afternoon about 5 o'clock. Then a flag 9x15 feet was flung to the breeze amid cheering and the singing of patriotic songs.

Charleroi and North Charleroi children were invited. The Charleroi children marched down Washington avenue in a body, led by Prof. I. T. Daniel, music supervisor, each child carrying a flag. Later the North Charleroi children arrived on the scene. Each delegation sang national anthems. Finley's drum corps of Monongahela played martial music.

Special for Friday and Saturday. A Battery free with every flash light at Carroll's Drug Store Friday and Saturday only. 258-3

## MONESSEN HERO IS RECOGNIZED

### Award of $500 and Silver Medal Given to Parents of Late Thos. Hughes

### SAVED BOY FROM DROWNING

An award of $500 and a silver medal has been given by the Carnegie Hero Commission to Mr. and Mrs. John Hughes, of Monessen in memory of their son Thomas, aged 15, who two years ago saved J. Vernon Albrecht, aged 13 years from drowning in the Monongahela river and in so doing lost his own life. The award is announced in the latest publication of the list by the commission.

With a number of others the Albrecht boy, a son of Rev. and Mrs. E. H. Albrecht, was bathing in the river on June 7, 1915. Not being a good swimmer the lad got in deep water and was unable to get out. He called for help. Richard Brown swam to his assistance but could not save him, having to loose his hold and swim for shore.

The Hughes boy was in a skiff. He dived in and with strong strokes hastened to the side of young Albrecht. The drowning lad seized him about the waist with both arms, yet in spite of the fight clutch, Hughes started out for shore. Two others in the skiff started to his assistance. They managed to pull Albrecht, gasping for breath, over the side of the skiff and turned to save Hughes. But he had gone down from exhaustion and they could only start a search for his body.

## GOVERNOR ASKS SCHOOLS TO OBSERVE FRANCE DAY

### Suggests That Next Thursday, April 26 Be Set Apart for Celebration Of Lafayette's Embarkation From Bordeaux to Help America

Governor Brumbaugh Thursday afternoon issued the following request to the people of Pennsylvania:

"This country must never forget the invaluable assistance given us in the Revolutionary war by France. Her greatest gift was the services of Lafayette. He is as much an American patriot as he is a French patriot. His services to this republic were of the most heroic and valuable character. That the services of France and particularly of the great Lafayette may be kept vividly in mind I earnestly request that we set aside April 26, the anniversary of the embarkation of Lafayette from Bordeaux to America as France day. On this day in all schools and in all public gatherings and before all patriotic societies let there be held exercises suited to the occasion and related to this national crisis in which once more this country stands with France for humanity, and for the ideals of liberty, fraternity and equality."

**Notice To Fire Department.**

The members of the Charleroi Fire Department are requested to meet at the Borough Building on Saturday evening at 6 o'clock, to take part in the patriotic parade at Belle Vernon Wear Dress Uniform.

W. C. Walters, President. 260-t1-*

J. K. Tener, Pres. S. A. Walton, Vice Pres. R. H. Rush, Cashier.

## MARRIED OR SINGLE

Manifestly the young men of the nation must do most of their country's fighting with the middle aged constituting a sort of reserve force. Recognizing this, the latest order of the war department stating that men married since the declaration of war will be eligible to call, is surprising.

Single men, having no one depending upon them for support are to be the first summoned to arms. The wisdom of this course is obvious, for a country cannot throw its women and children upon charity by taking away their men first for the army. Probably those with dependents will not be needed in the present war, we sincerely hope none of the reserves will have to be called—but if they are finally needed arrangements can be perfected by that time to care for those left behind.

It appeared rather an unpatriotic sign to note the large increase in the number of marriage licenses upon the declaration of war. There were numerous exceptions of course, yet a number of men were influenced solely by their desire to escape conscription in their hastily arranged marriages. They should be eligible to service, and the war department cannot make exceptions. The order might have been expected as a matter of course.

## DON'T CHASE THE FIRE TRUCK

In still another essential do automobile owners and drivers need to be warned. This is in chasing the fire truck, when the truck is summoned to a fire. Too noticeable has become a practice on the part of eager or reckless drivers on the streets. At the time of a fire the fire truck, as a matter of course, should be given right of way and people should stay off the streets and out of its path. There is no necessity for other drivers taking in behind the truck to get to the scene in a hurry. There are too many people on the streets and it is too dangerous.

* * * * * * * * * * *

## WHAT OTHERS THINK

* * * * * * * * * * *

### CONVICTS TO RAISE FOOD

While we're figuring out methods to increase our food production this year, why not follow Canada's example and draft able-bodied convicts for that purpose?

A representative of the Dominion government has been touring all the penitentiaries in Canada, making a personal inspection of the prisoners, and discussing with wardens ways and means of putting them at farm work during the summer. It is believed that the greater part of the prison population can be used in this manner.

It's a wise and justifiable thing for the community to do, and it's an excellent thing for the prisoners themselves. The open-air exercises and sunshine quickly substitute a healthful glow for the prison pallor, an erect and self-respecting posture for the prison stoop and shuffle. And as far as the public is concerned, it's vastly better than making brushes or any other perfunctory work to which convicts are so often driven merely to keep them busy. Let them be made genuinely productive, creating the one thing that the country needs most.—East Liverpool Review.

### THE NATIONAL ANTHEM

We are willing to accept Senator Stone's explanation that on the occasion when he was hissed for not standing during the rendition of "The Star Spangled Banner" he did not know it was being played, because the orchestra began with "Dixie" and gave a number of other popular airs before it came to the national anthem, and astounded though we are by our strange bedfellow, we have a good deal of sympathy for the chanky, perverse statesman from Mississippi in this particular case.

The anthem ought never to be included in medly. This use of it cheapens it, reduces it to the level of a popular song, confuses the auditors and greatly robs the music of its dignity and its significance. It should be played everywhere and under all circumstances in conformity to the army regulations, which provide that "the national anthem shall be played through without repetition of any part not required to be repeated to make it complete" and prohibit "the playing of the national anthem of any country as part of a medley."

"The Star Spangled Banner" should be taken straight, as a patriot takes his citizenship.—New York Sun.

This order of the war department stating lately married men are still eligible to service indicates there is still such a thing as jumping from the frying pan into the fire.

* * * * * * * * * * *

## PICKED UP IN PASSING

* * * * * * * * * * *

He was blib of speech and good looking, and when did these ever fail to win when the winning was a woman? The girl loved him with that foolish infatuation that passeth understanding. The young man didn't do anything. He simply appeared on the scene. It was ever thus wasn't it?

In time stories came to her ears and she told him how she disbelieved every one of them. They said he wouldn't pay his debts, but she knew better, for had she not divided her allowance with him for this very purpose?

"It is enough," he told her one day, simply, "if you trust me."

"I do, Reginald—yes, I do!" she murmured, ardently. "I do—I do, do, do! I will always trust you!"

"Ah, he cried, imprinting a chaste kiss upon her temple, "why—oh, why aren't you my landlady?"

"But you can cook?" asked the prosaic young man.

"Let us take these questions up in their proper order," returned the wise girl. "The matter of cooking is not the first thing to be considered."

"Then, what is the first?" he demanded.

"Can you provide the things to be cooked?"

# NERVOUSNESS AND BLUES

### Symptoms of More Serious Sickness.

Washington Park, Ill.—"I am a mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."—Mrs. ROBT. STOPIEL, Sage Avenue, Washington Park, Illinois.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

# RUN-DOWN WOMEN

### We Have a Remedy That Will Cost You Nothing if it Does Not Help You

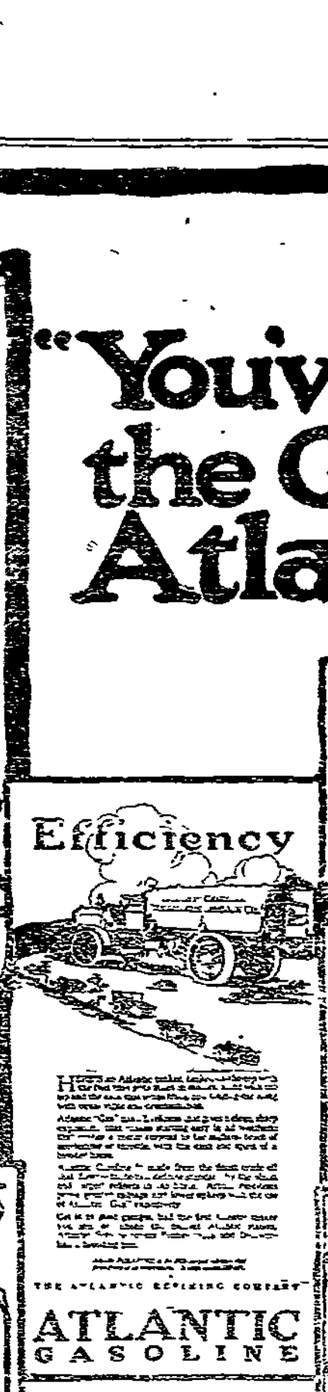
Charleroi women will please realize that we mean just what we say in the above heading. Letters like the following prove the efficiency of Vinol in such cases:—

"For the benefit of the other tired women, I want to say that I keep house for seven in my family. I became run-down, all played out, I did not seem to have any life in me and looked badly. I read so much about Vinol I decided to try it and I must say it helped me in every way. It built me up so I felt like a new woman, and my friends see a great change of me."—M. Waldron, Sartoga Springs, N. Y.

We recommend Vinol to our customers as the greatest strength creator we know because it contains beef and cod liver peptones, iron and manganese peptonates and glycerophosphates, all dissolved a pure medicinal wine.

Piper's Drug Store, Charleroi. Also at the leading Drug Store in all Pennsylvania towns.

"Youve Got the Goods, Atlantic"



"Today, the specific-gravity test is practically worthless as a check on the suitability of a gasoline, for example, for a given motor equipment. * * * It seems most probable that the definition of gasoline will have to be based on the percentage that distils over between specified temperatures, when the distillation is carried out under specified conditions. * * *

"The gasoline must not vaporize too freely for two reasons: One, that it would not be safe, and secondly, its loss in storage by evaporation would be too great. Hence, the specification may have to contain limitations of the percentage distilling over below a certain temperature, coupled perhaps with a proviso that certain percentage shall distil over below other fixed temperatures, in order that requisite amounts of low-boiling constituents shall be present to insure easy starting of an engine.

"Likewise the specification must contain a proviso that all must distil over below a certain maximum temperature, in order to exclude from the gasoline the heavier petroleum distillates, such as kerosene."—*Official Press-Statement issued by U.S. Govt. Bureau of Standards.*

We've been preaching and practicing the same thing for years. The boiling point of Atlantic Gasoline is always uniform. It meets Uncle Sam's ideas perfectly.

UNCLE SAM has a decided hunch that the best way to determine the efficiency of gasoline is by its "boiling point," and NOT by its specific gravity. He points out, in his Bureau of Standards report, that specific gravity is a very indefinite, unreliable test for gasoline.

Atlantic Gasoline has always been a "boiling-point" gasoline. Its fame has been built around the fact that the boiling point is always uniform, assuring each new lot of gas you put in your car to be exactly like the last, thereby banishing the need for frequent carbureter-adjustment.

It must be gratifying to the thousands of motorists who use and have used Atlantic Gas to know that it conforms to the Government's idea of what good gas ought to be. You new motorists: Fill your tank with Atlantic Gasoline, once. You won't need urging after that first tankful. Wherever you live, drive, park or store in all Pennsylvania and Delaware, you can get Atlantic service. So—*get it.*

## GARDEN COLUMN

By National Emergency Food Garden Commission

**Cabbages.**

No other vegetable has increased in popularity in the past few years as much as the cabbage, says today's garden lesson from the National Emergency Food Garden Commission of Washington.

Formerly its principal use was by the German population in the United States. Today it is universally eaten. It is plentiful in the late fall, winter and spring months, when other green vegetables are scarce.

Properly cooked cabbage is delicate and digestable. Over-cooking of cabbage makes it indigestable. Young cabbage should never be cooked longer than 30 minutes, and winter cabbage not over 45 minutes.

Cabbage is a heavy garden feeder and a quick grower. For that reason it should have rich soil if possible and if the planting is done early enough in the spring it is possible to get two crops from the same land.

Cabbage does well in heavy soil particularly late cabbage and for that reason is likely to thrive on a back yard garden. It is too late now for the early crop unless you can buy seedling plants, just the right time to be planning for the late crop.

Cabbage plants are improved by transplanting. For late cabbages, therefore, the seeds should be planted in a small outdoor bed in May. Plant the seeds in rows about 3 inches apart. A quarter of an ounce of seed will produce enough plants to make 100 feet of row. When the seedlings come up they may need thinning out the excess plants being transplanted in the seed bed if desired.

In July transplant these seedlings to the garden, placing the plants 19 inches apart in rows 3 feet apart or slightly less. The same method of transplanting should be followed now with the early seedings which you have bought or grown in indoor seed boxes.

## BIG ALLENTOWN MERCHANT ALL IN

### BUT HE GETS NEXT TO HIMSELF IN TIME

All the customers and clerks noticed how run down and nervous he was, he knew it himself but could not head if off.

Finally his bookkeeper told him to try Phosphated Iron, that it had cured her father, a traveling man. He said he had lost faith in everything but figured it was worth a trial as a last resort.

You should hear him boost Phosphated Iron now, even has a dozen or so on hand to start his friends on the road to wellville and they have all thanked him for putting them right.

He says she felt better after the first day, that his whole system seemed to be hungry for Iron the way it took hold and the Phosphates seemed to settle his nerves at once, he ate better and could sleep nights and get up in the morning feeling fit.

Hundreds of men and women say Phosphated Iron has renewed them with rich healthy blood, giving them just enough Iron and the Phosphates straightened out their nervous systems as nothing else could. All say Phosphated Iron sure is a long looked for blessing.

Go to your druggist and get a package today and put yourself right, square up to the job.

Special Notice. To insure your receiving the genuine Phosphated Iron we have put up in Capsules Only. Do not allow dealers to substitute Tablets or Pills.

W. F. Hennings the druggist, Charleroi and leading druggists everywhere.
